Assignment 1

Build the following website regarding a catering service. This web contains four web pages. They are Home page, Menu page, Vacancies page and Contact page.
You can use HTML tags and CSS styles. You can use the provided image.

Common layout of entire website

Use 3 frames to create the layout. Name the frame in right bottom (frame containing Kings Catering Services, as the “**mainframe**”). There are 3 other web pages to be created other than the above mentioned 4 pages.

Main.html

This page consists of the frame set definition for the entire web site.

Top.html

Contains the header for the entire web site.

Left.html

This page contains the vertical navigator for the entire website. You can see it on the left side of any web page.

background-color: antiquewhite
For all pages - font-family: sans-serif

When you click on the links, the relevant page should appear on the “**mainframe**” panel.

For example if you click on the link “Home” from navigation panel, then the page layout should appear as above.

Home.html

This page contains details about the company. Use required styles for heading and paragraphs.
